MEMORANDUM FOR: Project Contracting Officer

SUBJECT : SAPC-10723, dtd 9 November 1956

25X1A

I have read with interest [REDACTED] summary of statistics pertaining to the A-2 Configuration's malfunctions. This is a useful type of report. I would like to encourage summary reporting on other subsystems if feasible. I would particularly like anything he could do on the recent difficulties of the B Configuration.
